

New Stainless Steel Stub
For Linked Latch 2
Also in retrofit kit 40401499
DDG – 11/23/11

These are the new components for the upper latch on the Linked Latch 2:

The following parts will be eliminated:

40400907
40400902
40200464
40200237
40400934

Parts are assembled as shown, pushing washers on stub against handle to tighten assembly and then tightening the set screw to hold the assembly in place
